

# **We Planted Trees for Those Who Lost Their Lives in the Earthquake**

**22.03.2023**

We planted trees for those who lost their lives in the earthquake!

We participated in the tree planting event for the "February 6, 2023 Earthquake Martyrs Forest" organized by Düzce Forestry Operation Directorate on 21.03.2023 in Düzce Musababa Village.

We are happy to have the opportunity to contribute to the event, which many institutions from Düzce attended, together with our company president and our volunteers.
